Example:

Ortel Mobile GmbH, Gladbecker Strasse 3, 40472 Düsseldorf *The Cross (supplemental service) „option“ (€20 per 30-day option period) includes a total of up to 300 minutes for German domestic calls, calls from Germany to landline and mobile networks in the countries listed below as well as calls within and between the countries listed below: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, the UK, with the exception of special numbers, (value-added) services and call forwarding, 60/60 billing increment (each minute in full). Once the included minutes have expired, calls cost 9 cents/minute. The option also includes an internet package with a data volume of 750 MB per option period for use in Germany and the countries listed above; once the included volume has been used up, the cost will be €0.25/MB (100 KB billing increment). A bandwidth of up to 7.2 Mbit/s is available within Germany; the bandwidth available in the countries listed above depends on the respective roaming partner. VoIP and peer-to-peer are excluded. Units that have not been used expire at the end of the option period. The option is renewed automatically after 30 days if the customer has sufficient credit and it is only possible to register for each option once every 30 days; options can be cancelled by calling 1155. This option cannot be combined with other options. It is only possible to register for the option using the Ortel Mobile Prepaid Card (starter package: €9.95) at the standard rate; valid only for SIM cards activated starting 15 August 2012. German domestic calls: 9 cents/min, plus a one-off connection fee of 9 cents per call; calls made to international numbers possible from 1 cent/min, plus a one-off connection fee of 15 cents per call (all prices can be found at www.ortelmobile.de). 60/60 billing increment. Each text message costs 15 cents. All prices indicated are inclusive of VAT. The Cross Data Upgrade (supplemental service) „option“ (€9 per registration, max. 30 days) may only be registered if the Cross option has been activated. The supplemental service for a one-off cost of €9 includes an additional data volume of 500 MB for a period of up to 30 days for use in Germany and the countries listed above. The time period is not automatically extended. You can also re-register for the supplemental service within the option period once all of the included units have been used up. Included units that have not been used expire at the end of the option period.
